

Touch Screen User Interface

Independent Channel Control

Powerful Performance

Multiple RFA Treatment Options

RFA SOLUTIONS GENERATOR

AVANOS*

AVANOS* RFA GENERATOR

PRODUCT FEATURES

The AVANOS RFA Solutions Generator System is comprised of an 80 watt RFA generator, therapy cables and a quad pump (if cooled RFA procedures are performed). The system enables physicians to perform a full spectrum of RFA procedures, including Cooled, Tined, Conventional, Pulsed, Dual Bipolar, and TransDiscal*.

SUPPORTS PROCEDURAL FLOW

- **Touchscreen Interface** with procedure countdown timer
- **Plug and Play Probe Recognition** upon connection of a therapy cable
- **Quick Start Guide, Demo, & Help Modes** for quick training
- **Custom Treatment Profiles** for multiple physicians allow saving unique settings
- **Actionable Error Messaging**

POWERFUL PERFORMANCE

- **80 W Generator** performs Cooled, Conventional (including single and dual bipolar), Pulsed and TransDiscal Procedures
- **Independent Channel Control** allows staggered start, stop and adjusting of 4 independent channels. Adjust time and temperature in cooled and standard modes without impacting other channels.
- **Enhanced Safety Circuitry** reduces the risk of grounding pad related skin burns
- **Easily Accessible Procedure Summary & Clinical Logs**

AVANOS RFA SOLUTIONS

AVANOS provides a full portfolio of Cooled RF and Conventional RF products and accessories to treat a variety of anatomical areas.

AVANOS RFA Solutions Advanced Generator System

Product Code	Description
CRG-ADVANCED	RFA Generator, Advanced - For COOLIEF Cooled RF, Standard, Pulsed, TransDiscal and Dual Bipolar RF Procedures
CRA-QPU-1	COOLIEF Quad Pump Unit
CRX-CRG-MCRF	Multi-Cooled RF Therapy Cable
CRX-CPU-C1	COOLIEF Pump Connector Cable
TRX-CRG-TDP2	TransDiscal 2.0 RF Y-Connector Therapy Cable
CRA-SGP	Split Dispersive Electrode (Split Grounding Pad)

AVANOS RFA Solutions BASIC Generator System

Product Code	Description
CRG-BASIC	RFA Generator, Basic - For Standard, Pulsed and Dual Bipolar RF Procedures
SRX-CRG-MRF	Multi-RF Therapy Cable
CRA-SGP	Split Dispersive Electrode (Split Grounding Pad)

DEDICATED TO YOUR SUCCESS

20+ YEAR HISTORY

Over 20 years of experience working with leading institutions to develop successful pain management and opioid alternative programs.

PROFESSIONAL EDUCATION

A medical education program with HCP led trainings for physicians and staff to stay current with techniques.

EXPERT ASSISTANCE

Clinically trained support staff for clinical assistance and product support for patients and care teams.

LOCAL SUPPORT

In-person support, training, and clinical education provided by local representatives in the field.

Pain Management
& Recovery

Visit [avano.co.uk](https://www.avanos.co.uk) for the product catalog and ordering information.

In the face of the global opioid epidemic, the AVANOS Pain Management & Recovery portfolio provides non-opioid solutions tailored for the management and treatment of chronic and post-surgical pain.

AVANOS continues to push toward a growing portfolio of opioid-sparing therapies. This includes HA injections and radiofrequency nerve ablation for chronic pain, cryocompression therapy for injuries, and post-surgical pain pumps for recovery. Each product is designed to **help patients get back to the things that matter.**[†]
